BELATED HAPPY EASTER!

The WIZARD'S QUEST tourney, my baby this year, has been designated part of the "Iron Man Championship" at the upcoming World Boardgaming Championships. This championship is to recognize the folks that play a bunch of the obscure tourneys and place well but can't quite come home with "the Wood" in any of them. If you're the kind of guy or gal that comes in 2nd through 4th in a lot of smaller tourneys (like I took two 3rds last year), this is where you can be recognized. Amass enough "Iron Man" points and bring home some special "Wood".

"What Inquisition" could finish up next time and "Wine Is Fine" ought to present Ron Fisher with the choice of going bankrupt gracefully or playing "pass the 6-train" for the rest of the game, so that might be over soon. Kevin Wilson is showing 8 of the 10 VP necessary to win "Albert", so that too could finish any time. "Rats For Sale" should finish within 6 months. At the moment RUSSIAN CIVIL WAR is at the top of the waiting list, COL DIP not getting a quorum a month or so ago. Chuck Hanna is waiting to run another 18xx for us. So sign up for your druthers and hope for the best. As always, we are limited by interest and 'zine space.

STANDBY ALERT:

BORIS'S BULLETIN BOARD

THOUGHT FOR THE MONTH: "Wizards lack the HW chromosome in their genes. Feminist researchers have isolated this as the one which allows people to see the washing-up in the sinks before the life forms growing there have actually invented the wheel. Or discovered blood."

This month's Madame Bolduc Press Excellence Award (& free issue) goes Chris Trent for his article datelined London in "Boris XIII".

THUNDER IN THE EAST!! Lust in the West!

Fall 1986

MINAS MORGUL: The Russian counterattack has been fierce and swift. But what have they to show for it? True, the Austrian looters of Moscow have been destroyed and another Austrian army is in full flight, but one of the Tsar's southern fleets is in full flight too and cannot be saved without French aid, the same French who looted Moscow in 1812. Importantly, in their zeal to protect their home centers, they denied themselves the ability to build. Meanwhile, in the West, potty old Lord One-eyed must be squinting in disbelief at an undefendable NWY while Kaiser Ron orders his troops southeast.

RIOTS IN AUSTRIA!! French Repulsed Again!

Spring 1903

XIII

1998Q

KLENDATHU: The very ferocity of the Austrian Loyalist riots have amazed her persecutors. Italian troops in VEN stood by dumbfounded as irate citizens captured, tried, and executed local military leaders for "High Treason and Dereliction of Duty" in not defending VIE and preventing the disappearance and probable capture of the Emperor. The Russians, meanwhile, seem to have shifted their sights westward as they threaten both BER and MUN. The semiannual French invasion of England was again easily repulsed. Perhaps it's time for *La Belle France* to notice what is happening to her east?

TROOP MOVEMENTS:

EMBASSY BEAT

England - France: I still hold out a hand of friendship.

England - Germany: Yes. I do indeed have emotional problems. I'm overcoming mine... are you?

England - Italy: Little help here...

England - Russia: Many thanks. I hope I can continue to prove my integrity to you.

Moscow: The Tsar Kan in his address to the people of Russia today commended the good work of the armed forces in dealing with the troubles on the borderlands. He acknowledged that we have been helped by the non-aggression treaty with England to the North and that the forces to the south have benefited from the uncoordinated defenses put up by the rebel forces in the area.

On a sad note the Black Sea fleet after bringing in good catches of fish was accidentally destroyed by the live fire exercises of the Turkish forces in the area. While we do like our caviar the good fishing has attracted so many vessels to the area that we propose a no-fishing hiatus, so that the poor sturgeon can replenish the waters of the Black. Therefore the Black Sea fleet is not being rebuilt in Sevastopol and we ask that other fleets make their way out into the Mediterranean where it is rumored the fishing is much better.

The Balkan area has become much too crowded to be a friendly place for the Tsar to vacation, he would welcome a quick resolution of the difficulties in the area to the joint benefit of the powers that be. He doesn't want to be the policeman for the area and so will stand back in hopes that other powers will find it in their interest to find peaceful solutions to these problems.

Overheard in the Sultan's Palace: "Rats!! The winds changed again! One of these days I'm going to have to invest in those steamship thingy's instead of using sail. Who are we fighting now?"

ERRATA: MON and VAL are not adjacent so both Serbian supports fail. Albanian A Tir-Mon thus succeeds and Serbian A MON must retreat otb or to HER or MTJ.

CLIFFHOME: Bulgaria has joined Serbia on the "endangered countries" list with Albania still clinging to "threatened" status. Big winners this year were Rumania and Turkey whose recent press would seem to indicate an alliance. Greece here is the pivot. The Turks have been snatching Greek centers with abandon, so the Greeks need to make peace (or to quickly consume) the endangered and begin a counterattack against the Turkish raids while containing Rumanian expansion and preferably diverting it towards the riches of Anatolia. Is King Ron up to the challenge?

ERRATA: L doesn't have Renaissance (Q) so can't move up in the Expansion Phase. The result is that the dice rolls shift so that V (#3) gets the 5,1:5; 6,5:6; 2,5:2 (so takes Nur from P) and L gets the 5,3:5; 1,2:1; 6,3:6; 3,2:3 (and fails to take Val).

I misread the effects of the "Long Bow" card too. Net is that L gets another shot at Val (1, 1.5:2) which fails and that last 1t doesn't go to Tre.

Income is now V (12C) \$75, B (14C) \$85, P & L (5C) \$90. B earns \$4 (not \$64) in interest. The shortages are of grain and cloth, neither of which have a majority holder, so B & P each lose the bonus card (shuffled back into the deck).

GM Comments

I have shown current total value of assets to right of each individual information. I felt that the vote for ending the game was premature, as anything can happen. I guess the players have the prerogative of ending the game at any time. When we end f to f games early, we determine the winner by most total assets.

However, this does afford me an opportunity to get on the soap box. I have not been happy with the participation by some of the players in this game. I liken an agreement to play - as a contract with all the other players (and GM too) that you will play your best game, be prompt with your orders and stick with the game to the end. [I am sure there are other criteria]. We are all aware that pbm games take several months (years) resulting with considerable amount of time and effort invested by players, gm, and zine editor. You owe it to all to full fill your contract. Thank you dgc.

"Boris XIII" (continued from p 3)**BORIS World Press Review**

London Times (Editorial): Perfidy abounds! Englishmen, Scotsmen, watch yourselves. The Continental Situation does not seem to have room for itself upon the Continent and is spilling over the Channel. His Majesty, King Christopher, has asked his Anglican followers to pray for the sovereignty of the British Isles. He has also asked both houses of parliament to make contact with their counterparts in Paris and Berlin. Meanwhile, in a general public address, he had this to say: "Fellow Britons, we are at a pivotal point in our history. The valiant gentlemen of Russia seem to be ready to help us defend our freedom. Say a prayer tonight for their strength and ability." This reporter holds a cautious but all too desperate faith.

"KREMLIN" (continued from p 5)

PRAVDA (The Truth): The Defense Ministry has established that Comrades Shootemdedsky and Wasolin are conspiring along with others, to undermine the effectiveness of our newest weapon system (which is too secret to mention here) and may be trying to pass state secrets to our enemies and are under investigation. Comrade Gofertbrok has been sent to Siberia because he smells.

EVENING 14

MONSTER ROLL = 1

Mt4: Raoul (R5) lures one H* dragon while Ralph (R7) lures the other. Buster plays his BERSERK T4** chit to go berserk. Raoul smashes M3*/ducks 4 and Roger swings M3* while the dragon smashes L4/ducks 3--result both Raoul and the dragon hit, but neither kills. Meanwhile Ralph thrusts L3*/charges 4 while Buster smashes FIGHT H6 with his unalerted H* great axe, while the dragon swings H4/dodges 4--Ralph's attack hits but bounces harmlessly off. The Rogues realize they can't kill the dragons--it's up to Buster, who fatigues a FIGHT T6*, and his now alerted great axe (H*4).

The humans repeat their tactics. This time the first smashes L4/ducks 3 while the second thrusts H4/charges 4, killing Ralph.

Roger replaces the fallen Ralph. Raoul smashes M3*/ducks 4 while the dragon smashes L4/ducks 3--no effect. Roger thrusts L3*/charges 4, Buster smashes H*4, and the dragon thrusts H4/charges 4, killing Roger.

Raoul and Buster repeat. The first dragon smashes L4/3 the other swings L4/dodges 3. All miss, Buster fatigues a MOVE H4**, recovering the MOVE H5* as change.

Humans repeat. First dragon thrusts L4/charges 3 while the second smashes L4/ducks 3 and is killed. Buster's axe becomes unalerted and he fatigues his MOVE H4** chit, recovering the MOVE H5*.

Raoul repeats and Buster swings H*6 at the remaining dragon; the dragon smashes H4/ducks 4, killing Raoul. Buster's axe alerts.

Buster smashes H4* using his FIGHT T5 chit; he doesn't play a MOVE chit since the dragon is faster than his best remaining MOVE. The dragon smashes L4/ducks 3 and is killed. Buster earns 15 F & N, but loses 6N for his dead Rogues.

HP6: The H dragon thrusts H4/charges 4 while Connor smashes H*6 using his FIGHT H6 chit with his unalerted H* great axe while ducking T3*. Both miss. Connor's axe alerts.
